

AGRICULTURAL SCIENCE TECHNOLOGY

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
411040124	Introduction to Ag Education (Ag 0110)	Elective	1	x							\$35	SEM	CRHS TFHS	A basic introductory course designed to introduce students to Agriculture and the FFA . Topics that will be covered are soil science, leadership, intro to animal science. Students are expected to join the FFA. The course offers many local field trips.
41104013	Introduction to Ag Industry (Ag 0120)	Elective	1	x				Intro to Ag Educ. /or Instructor approval			\$15 if not enrolled in 1st semester	SEM	CRHS TFHS	A basic applied course designed to enhance students perceptions of agriculture, its applications, and career opportunities, with additional FFA opportunities which may include the FFA day on the hill in Boise. (This is the second semester of Ag 110 but maybe taken separately with instructor permission.)
30100294	Intro to Ag Mechanics (Ag 0130)	Elective	1		x	x	x				\$15	SEM	TFHS	A course designed to familiarize the student with the basic mechanical theory and skills. Students will develop skills in the areas of Electricity, Plumbing, Painting, Metal Working, and small engine repair. Emphasis will be placed on safety and proper use of tools and equipment.
30100296	Plant Science (AG 0514)	Elective or Science	1		x	x	x			Dual Credit CSI	Fee if taking for Dual Credit	SEM	TFHS	A course that prepares students to produce greenhouse/nursery plants and to maintain plant growth. Includes plant processes and propagation structures. This course qualifies for science credit. Students will be expected to design and carry out a semester project.
301000312	Applied Greenhouse and Nursery Management (AG 0340)	Elective or Science	1		x	x	x	Students must have taken Ag 514, Ag 110 or 120 or have permission from the instructor.		Dual Credit CSI	\$5 Class Fee Additional fee if taking for Dual Credit	SEM	TFHS	A course designed to prepare students in greenhouse and nursery operation and management. Students will spend much of the course in the greenhouse growing plants, understanding the planning and operation of the greenhouse, and marketing the greenhouse products. Topics will also include soils, pesticides, insects, plant ID and nomenclature. This course qualifies for science credit. Students will be expected to design and carry out a semester project. This is a spring semester course.
301000293	Occupational and Career Experience (AG 9800)	Elective	1			x	x	Instructor approval and interview				SEM	CRHS TFHS	A community based work experience activity organized and planned to develop advanced skills necessary to gain and maintain employment. This course may encompass a broad range of paid/unpaid work experiences related to the career objectives of the student. The experiences must be supervised and monitored by the teacher and cooperating business. (Note: This course must be approved on an individual basis.) Student must have transportation.
301000311	Animal Science (AG 0530)	Elective or Science	1		x	x	x			Dual Credit U of I	Fee if taking for Dual Credit	SEM	TFHS	A course designed to develop knowledge and skills pertaining to nutrition, reproduction, diseases, breeding, genetics, anatomy, and physiology in livestock. Students will be expected to design and carry out a semester project.
301000295	Applied Livestock Management (AG 0310)	Elective	1		x	x	x	Ag 110 or 120 and Ag 530 Animal Science and/or Instructor approval		Dual Credit U of I	Fee if taking for Dual Credit	SEM	TFHS	A course that includes principles of animal production and management. Topics include health, evaluation, selection, feeding, and management. Students will be expected to design and carry out a semester project.

WELDING

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104051	Welding 1	Elective	1		x	x	x				\$15	SEM	TFHS	This course is designed to introduce the student to the basic skills required for ARC welding, MIG welding, TIG welding, oxyacetylene welding and cutting and Plasma cutting. This course will provide a wide range of topics related to the welding trade such as terminology as well as application of learned skills and techniques. Each student is expected to obtain their own safety clothing and equipment: pliers, safety glasses, coveralls, gloves, and appropriate footwear.
41104052	Welding 2	Elective	1		x	x	x	Must have passed Welding 1 with a C or better.		Tech Prep	\$15 Class Fee Additional fee if taking for Tech Prep	SEM	TFHS	This course is a continuation of Welding 1; designed to expand the student's knowledge, improve learned skills, and encourage creativity. The student will continue to develop necessary skills and techniques using all four welding processes in all four positions flat, horizontal, vertical, and overhead. This course will provide a wide range of topics related to the welding trade such as terminology, knowledge of the conceptual process of welding as well as application of learned skills and techniques. Each student is expected to obtain their own safety clothing and equipment: pliers, safety glasses, coveralls, gloves, and appropriate footwear.
41104053/ 41104054	Welding 3	Elective	2			x	x	Must have passed Welding 1, and Welding 2 with a C or better, fill out an application, interview with the welding teacher, and be approved by the welding teacher.			\$15	Year	TFHS	This course is designed to use the practical skills learned in Welding 1 and Welding 2. This course will continue to develop understanding, application, procedure, safety, and terminology of the welding industry with emphasis given on blueprint reading and fabrication. Students will also have the opportunity to obtain a flat only welding certification. This course also allows students the opportunity to articulate through the College of Southern Idaho for tech prep credits. Each student is expected to obtain their own safety clothing and equipment: pliers, safety glasses, coveralls, gloves, and appropriate footwear.

ART														
Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104026	Pottery I	Elective/Humanities	1	x	x	x	x	None			x	SEM	TFHS CRHS	Pottery I is a course in which students will be introduced to clay and three-dimensional art forms. Basic hand construction, methods of pinching, coiling and slab will be taught and utilized in sculptural form. Decorating and glazing methods will be explored. Experience Clay and Beginning Sculpture textbooks will be utilized. Lab fee of \$15.00 per 25 lbs of clay.
41104027/ 41104028	Pottery II	Elective or Humanities	2		x	x	x	Pottery I or Instructor Approval			x	Year	TFHS CRHS	Pottery II is an extension of the pottery I course with emphasis placed on individual interpretations and creative outcomes drawn from an assignment list. Three dimensional projects will include sculpture as well as a variety of traditional shapes and functional forms in a variety of mediums. Wheel throwing will be introduced. Lab fee of \$15.00 per 25 lbs of clay.
41104029/ 41104030	Pottery III	Elective or Humanities	2			x	x	Pottery II and Instructor Approval			x	Year	TFHS CRHS	Pottery III sections are independent study programs in which students create and complete their assignments according to a contracted syllabus subject to instructor approval. Experimentation will be encouraged, as will works of depth and complexity. Students may explore an area of concentration or attempt a variety of self-generated projects. Instructor approval required. Lab fee of \$15.00 per 25 lbs of clay.
41104015	Drawing & Painting I	Elective	1	x	x	x	x	None			\$15	Sem	TFHS CRHS	Drawing and Painting is a semester course designed to introduce students to the basic tools and techniques that will ignite their creativity and build a foundation for future artistic discovery. A variety of drawings and paintings will be completed using different mediums such as graphite, charcoal, pastel, ink, watercolor, tempera and acrylic. The basic elements of art, design and color theory will be emphasized, while developing the skills of creative expression. Students will be charged \$15 for an art packet.
41104019/ 41104020	Drawing & Painting II	Elective or Humanities	2		x	x	x	Drawing & Painting I			\$15	Year	TFHS CRHS	Drawing and painting II is a rigorous year long course created for students committed to creating an in-depth professional quality portfolio of 20 pieces or more, creating designing and managing a student showcase, as well as participating in public art. In your finished portfolio, mastery of drawing and painting will be demonstrated through a wide range of approaches and media, Light and shade, line quality rendering of form, composition, surface manipulation and the illusion of depth. Advanced projects will be completed in graphite, charcoal, pastel, ink, watercolor, acrylic, and oil. There will be a \$15 supply fee.
41104036/ 41104037	Drawing & Painting III	Elective or Humanities	2			x	x	Drawing & Painting II & Instructor Permission			\$15	Year	TFHS CRHS	Drawing and Painting III is a year long course for committed artists that are excited about a career in the arts, and desire to create a college ready or professional portfolio containing a minimum of 20 pieces. This class allows more freedom but requires greater expectations in quality, concentration, and breadth of work. This course will encourage personal artistic direction while demanding a focus on advanced techniques and processes. Students will also create and design a student showcase. A \$15 supply fee will be charged.
Graphic Arts														
Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41105061	Media Technology Fundamentals	Elective	1	x	x	x	x	Business Computers				SEM	TFHS	This course is designed to provide the basic fundamental competencies for the media technologies cluster courses and is to be offered as the beginning course at the freshman/sophomore level. Legal and ethical issues, fundamental tool and equipment skills, transferable knowledge sets, employability skills, communication skills, and terminology used throughout the industry will be discussed
30102246	Graphic Communication I	Elective	1	x	x	x	x	Media Technology Fundamentals				SEM	TFHS	This course is designed to introduce students to basic graphics/printing. The course will include digital photo/graphics and computer graphics.
30102241/ 30102242	Graphic Communication II	Elective	2		x	x	x	Graphic Communication I				Year	TFHS	A course designed to provide students with graphic printing applications including digital and computerized graphics. Transfer of images from digital processes to paper and other media is included as well as transferring paper images to digital files for modification. Pre press and copy production skills include set-up, image development, layout, and final draft copy.
41105062/ 41105063	Graphic Communication III	Elective	2			x	x	Graphic Communication II				Year	TFHS	A course designed to provide students with team work, critical thinking, problem solving, diagnostics, designing, and computer graphics from basic digital images to final print. Students will be provided opportunities to prepare finished products such as newsletters, catalogs, and school publications. All work will be performed to industry standards.

BUSINESS, MARKETING AND TECHNOLOGY

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
30100001	Keyboarding	Elective	1	x	x	x	x	None		Tech Prep	Fee if taking for Tech Prep	Sem	TFHS CRHS	This course is designed to teach proper technique, hand position and touch control. Speed and accuracy are facilitated through the use of tutorial software. Keyboarding skills will be used in formatting and producing: letters, tables and academic and business reports. Tech Prep Credits are available through CSI. Must pass with 80% or better to receive credit.
	TEST OUT OF Keyboarding and Word Processing		0	x	x	x	x							Complete all district assessments given for this course and type a minimum of 40 wpm. These tests include but are not limited to MLA Reports, Letters, Memos, and Tables.
41105009	Beginning Microsoft Office	Elective	1	x	x	x	x	Keyboarding		Tech Prep	Fee if taking for Tech Prep	Sem	TFHS CRHS	Students are introduced to spreadsheet, database, presentation and desktop publishing software. The Microsoft Suite software is used to complete assignments. Tech Prep Credits are available through CSI for a nominal fee. Must pass with 80% or better to receive credit.
41105010/ 41105011	Intermediate Microsoft Office and Advanced Microsoft Office	Elective	2		x	x	x	Keyboarding AND Beginning Microsoft Office		Dual Credit/Tech Prep	Fee if taking for Dual Credit/Tech Prep	Year	TFHS CRHS	This college level course is designed to teach students the principles, terminologies, and skills associated with using Windows operating systems, word processing, spreadsheet, database, presentation & desktop publishing software functions and applications. Students will develop business application skills using the Microsoft Office Suite. (Word, Excel, Access, PowerPoint). (3 college credits available - Dual Enrollment and 6 Tech Prep credits with 80% or better) Fee if taking for Dual Credit or Tech Prep.
41105000 41105001	Business Office Technologies	Elective	2			x	x	Advanced Microsoft Office				Year	TFHS CRHS	A course designed to provide students with the procedures and skills necessary for the operation of a modern business office. The course includes integration of concepts into realistic simulations and incorporation of computers as they relate to the typical tasks in a modern business. Students study emerging technologies and concepts that will allow them to function effectively in a high-tech environment. This class would include such topics as: Voice Recognition, Tablet PCs, PDA's, Office management, Creating Office documents Using Word or Publisher, Telephone Technology and Email, Financial statements and payroll, Meeting agenda and minutes, Business travel arrangements & itineraries, records management, mail processing.
30100011 30100012	Accounting I	Elective	2		x	x	x	None		Tech Prep	Fee if taking for Tech Prep	Year	TFHS CRHS	Accounting I emphasizes accounting principles as they relate to the basic understanding and skills required in keeping manual and computerized financial records for a business. Emphasis is on providing basic skills for the Accounting profession and /or preparation for further study in Accounting. (Sophomore - Academy of Finance required course) Nominal fee if taking for Tech Prep.
30100013 30100014	Accounting II	Elective	2			x	x	Accounting I/with grade A or B		Dual Credit/Tech Prep	Fee if taking for Dual Credit/Tech Prep	Year	TFHS	Accounting II reinforces and expands the basic principles and procedures learned in Accounting I and includes the study of partnerships, corporate and cost accounting systems. Computer interaction with all phases of accounting activities is an integral part of this course. (4 college credits available - Dual Enrollment) Fee if taking for Dual Credit or Tech Prep.
30100015 30100016	Accounting III	Elective	2			x	x	Accounting II/with grade A or B		Dual Credit/Tech Prep	Fee if taking for Dual Credit/Tech Prep	Year	TFHS	Accounting III reinforces and expands the basic principles and procedures learned in Accounting II and includes the study of partnerships, corporate and cost accounting systems. Computer interaction with all phases of accounting activities is an integral part of this course. This class serves as a capstone course for the Accounting sequence and Academy of Finance.(4 college credits available - Dual Enrollment) Fee if taking for Dual Credit or Tech Prep.
30100046	Business Law	Elective	1			x	x	None		Dual Credit	Fee if taking for Dual Credit	SEM	CRHS	This course is designed to provide students with an overview of civil & criminal law. It includes cases based upon personal & business principles & practices (business ethics, copyright laws, software piracy). Students can participate in a mock trial competition. Fee if taking for Dual Credit. 3 college credits available.
30100045	Personal Finance	Elective	1			x	x	None		Dual Credit	Fee if taking for Dual Credit	SEM	TFHS CRHS	This course deals with financial planning & money management including budgeting, insurance, social security, personal income, taxes, banking & credit, investments, & stock market strategies. Fee if taking for Dual Credit. 3 college credits available.
30100721	Marketing Economics	Required	1				x	None				SEM	TFHS CRHS	This course deals with economic decisions in the Free Enterprise System. Students will explore numerous topics: economic systems, business organizations, demand & supply, government revenue & government spending, money & banking, and global economics. Meets graduation requirements for economics.

BUSINESS, MARKETING AND TECHNOLOGY

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
30100047	Macro Economics	Required	1				x	GPA 3.0 +		Dual Credit	Fee if taking for Dual Credit	SEM	TFHS CRHS	The organization & operation of the American economy, supply & demand, money & banking, employment output, public finance, economic growth, stock market, & the global environment. 3 college credits available. Meets graduation requirements for economics. Fee if taking for Dual Credit.
30100059/ 30100060	Marketing Ed Lab (School Store)	Elective	1 or 2		x	x	x	Previous or Concurrent Enrollment in Marketing Instructor permission required				SEM/YR	TFHS	This course provides students with the opportunity to work in the school store and experience the responsibilities of operating a store.
30100023/ 30100024/ 30100035/ 30100036/ 30100043/ 30100044	Advertising (I, II, III and IV) (Promotion & Desktop Publishing)	Elective	2	x	x	x	x	GPA 2.5 or C in English		Dual Credit or Tech Prep	Fee if taking for Dual Credit/Tech Prep	Year	TFHS (I-IV) CRHS (I-II)	Desktop Publishing skills & computer technology are used to plan, organize, create, & implement ad campaigns. Advertising elements that affect our buying decisions are studied & displays are created. Students create advertisements for the school news using InDesign or Corel Draw. Advertising IV serves as a capstone class. 6 college credits available. Fee if taking for Dual Credit or Tech Prep.
30100025/ 30100026	Business Management/ Entrepreneurship	Elective	2		x	x	x					Year	TFHS CRHS	Part I: Skills for the business manager. Emphasis on decision-making, leadership, business ethics, & effectiveness. Part II: Focus on legal, financial, marketing, & managerial issues in creating a business plan. Plan is based upon the student's interest. This course serves as a capstone class.

INFORMATION TECHNOLOGY

PROGRAMMING AND DEVELOPMENT (Web 2.0, Game and Mobile Apps)

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
30100073	Introduction to Information Technology	Elective	1	x	x	x	x	None		Dual Credit / Tech Prep	Fee if taking for Dual Credit/Tech Prep	SEM	TFHS	Course covers current and emerging computer technologies. Students are presented with the underlying principles of technologies that have an impact on our lives and how those principles are related to real-world activities. By focusing on the application of technology and how technology may be used by students for personal and professional gain. (Dual Credit Course)
41104025	HTML	Elective	1	x	x	x	x	Recommend Introduction to Information Technology or concurrently enrolled, not required.		Dual Credit / Tech Prep	Fee if taking for Dual Credit/Tech Prep	SEM	TFHS	Students enrolled in this course will learn the fundamentals of Hypertext Markup Language (HTML) and Cascading Style Sheets (CSS) and their vital relationship to each other. Students will distinguish the use of HTML and CSS as to content and presentation. Students will demonstrate knowledge of W3C compliant websites. (Dual Credit Course)
41104018	Adobe Flash Animation	Elective	1	x	x	x	x	Recommend Introduction to Information Technology or concurrently enrolled, not required.		Dual Credit	Fee if taking for Dual Credit	SEM	TFHS	Flash is many things. With it, one can build interfaces for Rich Internet Applications or make cartoons—the range is startling, and that of its users more so. In this class, we expose you to much of this breadth and depth.
30100099	Programming Fundamentals	Elective	1	x	x	x	x	HTML or concurrently enrolled.		Dual Credit / Tech Prep	Fee if taking for Dual Credit/Tech Prep	SEM	TFHS	This course will teach students an object-driven, event-driven computer programming language, how to design and run programs, understand code and variables, and create objects for forms and reports. (Dual Credit Course)
30100100	Intermediate Programming	Elective	1		x	x	x	Programming Fundamentals		Dual Credit	Fee if taking for Dual Credit	SEM	TFHS	Students in this course learn how to develop database-driven, web-based applications (i.e. google.com, myspace.com, hotmail.com, ebay.com, etc.) Students will use open-source tools to integrate their computer applications with a database server for dynamic content updates. This class takes you to the next step in your understanding of today's web-based applications industry.
41105064	Java / Android Programming	Elective	1		x	x	x	Programming Fundamentals		Dual Credit Pending	Fee if taking for Dual Credit	SEM	TFHS	Learn to build mobile applications for the exciting new Android platform. The course allows student developers to create applications for the Android platform using Java and Eclipse-based IDE.
41105003/ 41105004	Projects In IT I	Elective	2			x	x	Must have taken (or be concurrently enrolled in) two additional IT courses or Instructor Permission.				YEAR	TFHS	Projects In IT I is a yearlong course devoted to the continued development and maintenance of the TFHSBruins.com project. Students in the first year continue the development of the database-driven, web application, TFHSBruins.com. Tasks include project planning, programming, research and implementation of new technologies, database design, development and implementation of media streaming technologies and many others.
41105021/ 41105022	Projects in IT II	Elective	2				x	Projects in IT I				YEAR	TFHS	In the second year of Projects In IT II, students research, plan, develop and implement a new addition, of their choice, to TFHSBruins.com project.
41105007 41105008	IT Help Desk I	Elective	1			x	x	Instructor Permission				SEM OR YEAR	TFHS	This course provides help desk and support personnel. Students will receive credit for providing IT support to the faculty and staff. Training, funding and equipment will be provided by the Information Technology Department at Twin Falls High School.
41105065/ 41105066	IT Help Desk II	Elective	1				x	Instructor Permission				SEM OR YEAR	TFHS	This course provides help desk and support personnel. Students will receive credit for providing IT support to the faculty and staff. Training, funding and equipment will be provided by the Information Technology Department at Twin Falls High School.

30100073	Introduction to Information Technology	Elective	1	x	x	x	x	None		Dual Credit / Tech Prep	Fee if taking for Dual Credit/Tech Prep	SEM	TFHS	Course covers current and emerging computer technologies. Students are presented with the underlying principles of technologies that have an impact on our lives and how those principles are related to real-world activities. By focusing on the application of technology and how technology may be used by students for personal and professional gain. (Dual Credit Course)
41105039/ 41105040	Introduction to Video Editing Technology (Broadcasting)	Elective	1	x	x	x	x	Fundamentals of Technology			\$20	SEM	CRHS	This course is offered to students who wish to pursue careers in the broadcast industry and related telecommunications fields. Students will be required to make videos and edit the material to make a comprehensive presentation on specific topics. Common tape formats and digital applications will be studied with specific emphasis on commercial applications. The course may involve preparing video for sporting events, drama, and closed circuit television broadcasts. Story boarding and script development are integral components of the course.
30100067	Digital Video	Elective	1		x	x	x	Introduction to Information Technology or concurrently enrolled				SEM	TFHS	Students will focus on the development of three video projects which include a short story, a commercial, and a final project of their choice. All projects will reflect technical concepts learned throughout the course relating to digital video. The course will give students practice with and knowledge of video compression and formats, video editing, and technique. (Pending Dual Credit Approval)
30100053 30100054	Bruin Broadcasting I	Elective	2			x	x	Digital Video, concurrently enrolled or Instructor Permission				YEAR	TFHS	Students enrolled in this course develop and produce special projects for the Broadcasting program. These may include, but are not limited to: commercials, radio broadcasts, talk shows, special broadcasts of school and community events, concerts, etc.
30102082/ 30102083	Bruin Broadcasting II	Elective	2				x	Bruin Broadcasting I				YEAR	TFHS	Students enrolled in this course develop and produce special projects for the Broadcasting program. These may include, but are not limited to: commercials, radio broadcasts, talk shows, special broadcasts of school and community events, concerts, etc.
41104067/ 41104068	Sports Technology	Elective	1 or 2		x	x	x	Instructor Permission, recommend Digital Video				SEM OR YEAR	TFHS	Students in this class will choose one or more athletic seasons for which they will manage the video services. This includes taping home events/games, providing the coaches DVDs of the events/games and putting the event/game on the Internet for the public to watch. Once the season is over, the student will then use class time to produce a highlight DVD of the season which can be used to raise scholarship money. This course does not have a set class period. Approved students will choose which period of the day they will attend class. Training and equipment will be provided by the Information Technology program.

30100433/ 30100434	Concert Choir	Humanities/ Elective	2	x	x	x	x				Performance Outfit	Year	TFHS CRHS	Concert Choir is a performing group. It includes the study and performance of musical literature from renaissance through contemporary. The choir has four music department concerts. Performances function as major class examinations. Members of the Concert Choir have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest choirs. Attendance at performances is required. Boys and girls 9th - 12th grade may enroll in Concert Choir. A fee is assessed to use choir robes and stoles. This class will help satisfy the academic humanities graduation requirement.
41104071/ 41104072 - TFHS 30100435/ 30100436 - CRHS	Bella Voce-TFHS Women's Choir-CRHS	Humanities/ Elective	2	x	x	x	x	Teacher Permission/ Audition			Performance Outfit	Year	TFHS CRHS	Women's Chorus (Dolce Serenada/Bella Voce) is a performing group that includes the study and performance of choral literature from renaissance through contemporary. The Women's Chorus has four music department concerts. Performances function as major class examinations. Members of Women's Chorus have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest Choirs. Attendance at performances is required and membership is open to freshman, sophomore, junior and senior girls. A fee is assessed for choir outfits. This class will help satisfy the academic humanities graduation requirement.
30100437/ 30100438- Chambers Singers 41104087/ 41104088-Adv. Choir	Chamber Singers/ Advanced Choir	Humanities/ Elective	2			x	x	Teacher Permission/ Audition			Performance Outfit	Year	TFHS CRHS	Chamber Singers/Advanced Choir is a select SATB choir that studies and performs musical literature from renaissance through contemporary. The members participate in four music department concerts. Performances function as major class examinations. Members of members have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest Choirs. Attendance at performances is required and membership is by audition only. In addition to the four music department concerts, members often perform throughout the community. Chamber Singers/Advanced Choir is open to junior and senior boys and girls. Members are expected to purchase performance outfits. This class will help satisfy the academic humanities graduation requirement.
30100490	Beginning Guitar	Humanities/ Elective	1	x	x	x	x	None			Music fee for everyone/ Rental fee for school-owned instruments	SEM	CRHS	Beginning guitar students must supply their own instrument, borrow one, or rent a school instrument; steel string acoustic, nylon string classical, or electric guitars are welcome. Students will learn the parts of a guitar, tuning, strumming, reading guitar chord frames, basic chords in folk and rock music, how to read music, lead guitar and bass guitar. The history of the guitar and famous guitar players will be studied. All students will pay a music fee; a few school-owned instruments are available for a modest rental fee.
30100489	Intermediate Guitar	Humanities/ Elective	1		x	x	x	Teacher Permission/ Audition			Music fee for everyone/ Rental fee for school-owned instruments	SEM	CRHS	Students who are self-motivated learners can sign up for this directed study course which will meet the same period as Beginning Guitar. The course will be an extension of the topics covered in Beginning Guitar, with an emphasis on further performance and individual projects. Students will do a major project on a guitar-related humanities topic. There will be opportunities to perform in class in small ensembles and in other settings. All students will pay a music fee.

HUMANITIES ELECTIVES

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104013/ 41105014	Intro to Theatre	Humanities/ Elective	2	x	x	x	x	None				Year	TFHS CRHS	Intro to Theatre will introduce students to the broad history, art, technique, and business of the theatre. Students will participate in collaborative projects, incorporating acting, playwriting, directing, design, and historical and cultural research. Students will present their work in the Intro Show at the end of the year. Intro students may also audition to compete at District and State Drama. Intro students also serve as backstage crew and staff for Dessert Theater and the annual children's show and will be required to spend one week of evening rehearsals/performances during the production week for both shows. Students will be required to attend two live productions and evaluate them twice each semester. This course will satisfy 2 Academic Humanities credit.
30100427/ 30100428	Intermediate Acting	Humanities/ Elective	2		x	x	x	C or higher in Intro to Theatre and <u>Audition</u>				Year	TFHS CRHS	Intermediate Acting is a continuation of the study of theatre and the application of the skills learned in Intro to Theatre. Intermediate students audition to compete at District and State Drama. Intermediate actors will participate in Dessert Theater and produce the annual children's show in the spring for the general public. Intermediate students also serve as backstage crew and staff for two main stage shows. All students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students will be required to attend two live productions and evaluate them twice each semester. This course will satisfy 2 Academic Humanities credits.
30100457/ 30100458	Advanced Acting	Humanities/ Elective	2			x	x	B or higher in Intermediate Acting and <u>Audition</u>				Year	TFHS CRHS	Advanced Acting is a auditioned performance class. Advanced students will perform in Dessert Theater and two main stage productions, one per semester, based on auditions for individual roles. Advanced students audition to compete at District and State Drama. Advanced students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students will also be required to attend two live productions and evaluate them each semester. This course will satisfy 2 Academic Humanities credits.
41105017/ 41105018	Production & Design	Humanities/ Elective	2		x	x	x	C or higher in Intro to Theatre and <u>Instructor Permission</u>				Year	TFHS CRHS	Production & Design students produce, manage, prepare, design, build, and offer technical support for all stage productions of the TFHS Drama Department. Production students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students accepted into the class will spend MANY hours outside of the school day in order to fulfill the requirements of the class including advertising and construction of the show. Students will audition for District and State Drama in the areas of scene/lighting design, costume design, and property design/construction. Students will also be required to attend two live performances and evaluate them twice each semester.
41104065/ 41104066	Stage Design	Humanities/ Elective	2		x	x	x	Intro to Theatre				Year	TFHS CRHS	This course is designed for those students interested in set, costume, and lighting design for theatre and film. Students will be introduced to the design process including research, rendering, technical drawings, and production techniques and responsibilities. This is a preparatory class for Production and Design. Students will work backstage on all main stage productions for the coming year. Students may also audition to compete in design at District Drama Competition.

TFSD High School Mathematics Pre-Requisite Flowchart

Students must successfully complete one level of a sequence before moving to the next level.

(All classes are based upon a teacher recommendation)

9th Grade

Geometry
(B or better in Algebra I)

Technical Math**

MATHEMATICS

Math placement is determined by previous course grade, work ethic, and teacher recommendation. TFSB believes all students should complete at least 1 class past Algebra Topics prior to graduation. Students not on track to meet this requirement will be required to be in a math class every semester. In addition, students who are not proficient on the ISAT math test will be enrolled in math every semester. Beginning with the class of 2013, all seniors must be enrolled in math. Please note that advanced math courses must be taken in consecutive years.

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
30100207/ 30100208	Algebra I	Math	2	x	x	x	x	Pre-Algebra				Year	TFHS CRHS	Algebra I focuses on expressions, equations, functions, and rational numbers. Solving, graphing, and analyzing linear equations and inequalities, operations with polynomials, factoring, quadratic equations, rational expressions, radical expressions, and the quadratic formula are also included.
30100227/ 30100228	Informal Geometry	Math	2		x	x	x	C or D in Algebra I & Recommendation				Year	TFHS CRHS	This course is designed for the student who passed both semesters of Algebra I but found Algebra I challenging. The emphasis will be on understanding basic geometric concepts without the use of formal proofs. Algebra I skills are reinforced and applied to geometric situations. The sequential course for Informal Geometry will be Algebra Topics.
30100211/ 30100212	Geometry	Math	2	x	x	x	x	B or above in Algebra I and recommendation				Year	TFHS CRHS	Geometry is the application of algebraic concepts in terms of geometric figures. Material includes extensive study of the triangle, parallel lines, formal proofs, the Pythagorean Theorem, quadrilaterals and other polygons, circles, two and three dimensional relationships, introduction to trigonometry, proportions, area, volume, and applications of mathematical formulas.
30100213/ 30100214	Algebra Topics	Math	2		x	x	x	Geometry or Informal Geometry and Recommendation				Year	TFHS CRHS	The purpose of this course is to reinforce Algebra skills and to better prepare students to be successful in Algebra II. Upon successful completion of this course, a student may elect to register for Algebra II.
41104059/ 41104060	Technical Math	Math	2				x	Algebra Topics and Recommendation				Year	TFHS CRHS	Technical math uses problem situations, physical models, and appropriate technology to extend mathematical thinking and reasoning. Concepts from Algebra, Geometry, Statistics, Probability, Algebra 2, and Trigonometry will be explored. Emphasis will be placed on the ability to understand and apply functional mathematics to solve problems in the world of work.
30100215/ 30100216	Algebra II	Math	2	x	x	x	x	B or better in Geometry & Recommendation				Year	TFHS CRHS	This advanced mathematics course deals with algebraic expressions, functions and their graphs, inequalities, linear and quadratic equations and functions, polynomials and factoring, exponents, conic sections, logarithms, theory of polynomial equations, real and complex numbers, and determinants.
30100210	Statistics and Probability	Math	1				x	Algebra II and Recommendation				SEM	TFHS CRHS	This advanced course deals with collecting, organizing, analyzing and interpreting numerical information. Students will use and apply statistical methods that are relevant to today's world in business, science, medicine and everyday life. One (1) math credit can be earned for this course.
41104038/ 41104039	Algebra III	Math	2			x	x	Algebra II and Recommendation				Year	TFHS CRHS	The course is designed for the student who has completed Algebra II but who needs more preparation for Pre-calculus. Topics covered include sets, graphs, data, relations and functions, problem solving, Trigonometry, and applications. Students who take this course should register for Pre-calculus the following year; however, this course is not a substitute for Pre-calculus.
30100217/ 30100218	Pre-calculus with Trigonometry (Math 147)	Math	2		x	x	x	B or better in Algebra II previous year & Recommendation		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	This course covers the study of functions (linear, polynomial, rational, exponential, logarithmic), conic sections and sequences/series. Right triangle and circular approaches to trigonometry are studied in depth. This course is required for students intending to take Calculus. Five (5) college credits from CSI can be earned for this course (Math 147).
30100239/ 30100240	Calculus I (Math 170)	Math	2			x	x	B or better in Pre-calculus previous year		Dual Credit	Fee if taking for Dual Credit	Year	TFHS	This is the first course in the calculus sequence of courses. It covers algebraic and transcendental functions; rate of change; limits; continuity; differentiation of algebraic, trigonometric, exponential, logarithmic and hyperbolic functions; differentials, applications of differentiation, definite and indefinite integrals, area between curves, volumes and other applications of integration; indeterminate forms. Five (5) college credits from CSI can be earned for this course (Math 170).

MUSIC

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104010/ 41104011	Freshman Band	Elective/ Humanities	2	x				Teacher Permission/ Audition			Rental fee for school-owned instruments/ Drum fee for using school percussion instruments	Year	BOTH (TFHS separate class)	Students who have completed two years of band (or equivalent experiences) should take Freshman/Concert Band. Students will further develop their technical and expressive skills, musical knowledge, and will perform in concerts. Several performances are in the evening. Music of many historical periods and styles will be studied, discussed and performed. The historical/cultural context of music performed will be discussed and critical thinking/evaluation skills concerning music will be developed. A maintenance fee is assessed if a Band member uses a school-owned instrument for the class; Drummers must pay a drum fee for using school percussion instruments. This class will help satisfy the academic humanities graduation requirement.
30100429/ 30100430	Symphony/Varsity Band	Humanities/ Elective	2		x	x	x	Teacher Permission			Rental fee for school-owned instruments/ Drum fee for using school percussion instruments	Year	TFHS CRHS	Symphony/Varsity Band is a performing group that consists of student musicians who enjoy playing wind and percussion instruments. Music of all styles and periods is rehearsed and performed by this group. Performances function as major class examinations and concert attendance is required. Many performances take place in the evening. Members function not only as a concert band, but also as the Marching Band and the Basketball Pep Band. Selected members make up the Jazz Band. Members of the Symphony Band have the opportunity to audition for All-State and All-Northwest Bands, participate in District Honor Band, and perform in Solo/Ensemble Festival and State Solo Contest. A maintenance fee is assessed if a Band member uses a school-owned instrument for the class; Drummers must pay a drum fee for using school percussion instruments. This class will help satisfy the academic humanities graduation requirement.
30100431/ 30100432	Orchestra	Humanities/ Elective	2	x	x	x	x	Teacher Permission/ Advanced or Intermediate Orchestra			Rental fee for school-owned instruments	Year	TFHS CRHS	Orchestra is a performing group that consists of orchestral strings, violin, viola, cello, and string bass. Music of many historical periods and styles will be studied, discussed and performed. The historical/cultural context of music performed will be discussed and critical thinking/evaluation skills concerning music will be developed. Performances function as major class examinations and concert attendance is required. The Orchestra performs at least six (6) concerts per school year. Members of the Orchestra have the opportunity to audition for All-State and All-Northwest orchestras, as well as District and State Solo Festival/Contest. A maintenance fee is assessed if an Orchestra member uses a school-owned instrument for the class. This class will help satisfy the academic humanities graduation requirement.
30100433/ 30100434	Concert Choir	Humanities/ Elective	2	x	x	x	x				Performance Outfit/Fee	Year	TFHS CRHS	Concert Choir is a performing group that includes the study and performance of choral literature from renaissance through contemporary. Concert choir has four music department concerts that function as major class examinations. Members of the Concert Choir have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest choirs. Attendance at performances is required. Boys and girls 9th - 12th grade may enroll in Concert Choir. A fee is assessed for choir outfits. This class will help satisfy the academic humanities graduation requirement.
41104071/ 41104072 - TFHS 30100435/ 30100436 - CRHS	Bella Voce-TFHS Women's Choir-CRHS	Humanities/ Elective	2	x	x	x	x	Teacher Permission			Performance Outfit/Fee	Year	TFHS CRHS	Women's Chorus (Dolce Serenada/Bella Voce) is a performing group that includes the study and performance of choral literature from renaissance through contemporary. The Women's Chorus has four music department concerts. Performances function as major class examinations. Members of Women's Chorus have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest Choirs. Attendance at performances is required and membership is open to freshman, sophomore, junior and senior girls. A fee is assessed for choir outfits. This class will help satisfy the academic humanities graduation requirement.
30100437/ 30100438- Chambers Singers 41104087/ 41104088-Adv. Choir	Chamber Singers/ Advanced Choir	Humanities/ Elective	2		Soph @ CRHS	x	x	Teacher Permission/ Audition			Performance Outfit/Fee	Year	TFHS CRHS	Advanced Choir (Chamber Singers/Divina Voce) is a select SATB choir that studies and performs musical literature from renaissance through contemporary. The members participate in four music department concerts. Performances function as major class examinations. Members of members have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest Choirs. Attendance at performances is required and membership is by audition only. In addition to the four music department concerts, members often perform throughout the community. Our Advanced Choir is open to junior and senior boys and girls. Members are expected to purchase performance outfits. This class will help satisfy the academic humanities graduation requirement.
30100493/ 30100494	Jive	Elective	2		x	x	x	Teacher Permission/ Audition			\$150 fee	Year	TFHS only	TFHS JIVE is a show choir of 20-30 singers that performs Musical Theater, Pop, Jazz, and other modern styles. Solo opportunities are a big part of JIVE. Members of JIVE must be students (10-12) at TFHS. Auditions will take place the week immediately following JIVE Night in April for the following school year. Outside rehearsals will involve one night a week throughout the year for staging and choreography practice. In addition to performing at the four school choir concerts, JIVE presents a Winter Showcase in late January and JIVE Night in April. During the week of these shows evening rehearsals take place each night. Members of Jive have the opportunity to participate in District 4 Honor Clinic and to audition for All-State and All-Northwest Choirs. A fee of \$150 is required, but all attire, outfits, music, etc. are included.
30100490	Beginning Guitar	Humanities/ Elective	1	X	x	x	x	None			Music fee for everyone/ Rental fee for school-owned instruments	SEM	CRHS only	Beginning Guitar students must supply their own instrument, borrow one, or rent a school instrument; steel string acoustic, nylon string classical, or electric guitars are welcome. Students will learn the parts of a guitar, tuning, strumming, reading guitar chord frames, basic chords in folk and rock music, how to read music, lead guitar and bass guitar. The history of the guitar and famous guitar players will be studied. All students will pay a music fee; a few school-owned instruments are available for a modest rental fee.
30100489	Intermediate Guitar	Humanities/ Elective	1	x	x	x	x	Teacher Permission/ Audition			Music fee for everyone/ Rental fee for school-owned instruments	SEM	CRHS only	Students who are self-motivated learners can sign up for this directed study course which will meet the same period as Beginning Guitar. The course will be an extension of the topics covered in Beginning Guitar, with an emphasis on further performance and individual projects. Students will do a major project on a guitar-related humanities topic. There will be opportunities to perform in class in small ensembles and in other settings. All students will pay a music fee.

PHYSICAL EDUCATION

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104016/ 41104017	Beginning Body Development	PE	2	x	x			Instructor/Coach Signature Required				Year	TFHS CRHS	This class is designed specifically for 9th and 10th graders who are participating in interscholastic athletics. This course is a prerequisite to get into Varsity Body Development. Beginning Body Development is designed to introduce and apply the theory, skill, and techniques of weight training. Strength, conditioning, endurance, flexibility, speed, power, and agility will be tracked, recorded, and graded. [Sports considered: Football, Basketball, Baseball, Softball, Track, Cross Country, Wrestling, Volleyball, Tennis, Golf, Soccer]
30100713	Heart to Heart Fitness I	PE	1		x	x	x			Dual Credit	Fee if taking for Dual Credit	SEM	TFHS CRHS	This class guarantees enhanced quality of life! Workouts are designed to improve body composition, flexibility, muscular strength and endurance, and cardiovascular endurance. Daily requirements include proper attire, intense participation, and achieving personal goals. Additional fees are required throughout the semester for outside activities. "Dual Credit Available"
30100714	Heart to Heart Fitness II	PE	1		x	x	x			Dual Credit	Fee if taking for Dual Credit	SEM	TFHS CRHS	This class guarantees enhanced quality of life! Workouts are designed to improve body composition, flexibility, muscular strength and endurance, and cardiovascular endurance. Daily requirements include proper attire, intense participation, and achieving personal goals. Additional fees are required throughout the semester for outside activities. "Dual Credit Available"
30100703	Lifetime Sports I	PE	1		x	x	x				TBD	SEM	TFHS CRHS	This course is a co-ed course that encourages an appreciation for a lifetime of participation in physical activity and fitness. Students will be provided with the opportunity to pursue and develop an interest and skill in one or more activities in which they can participate throughout life. This course will cover team and individual sports. Additional fees are required throughout the semester for outside activities. Students already receiving one credit in Lifetime Sports I may not retake the class.
30100704	Lifetime Sports II	PE	1		x	x	x				TBD	SEM	TFHS CRHS	This course is a co-ed course that encourages an appreciation for a lifetime of participation in physical activity and fitness. Students will be provided with the opportunity to pursue and develop an interest and skill in one or more activities in which they can participate throughout life. This course will cover team and individual sports. Additional fees are required throughout the semester for outside activities. Students already receiving one credit in Lifetime Sports II may not retake the class.
41104046	Spinning A	PE	1		x	x	x			Dual Credit	\$25 Course Fee Additional fee if taking for Dual Credit	SEM	TFHS CRHS	This course is an introduction to Spinning also known as Indoor Group Cycling. Spinning is a full-body, low impact, aerobic exercise that can help strengthen the heart, lower blood pressure, boost energy, burn fat, tone legs and stomach, reduce stress and tension, and improve overall fitness. Dual credit is available. Course Fee of \$25.00 TFHS students must provide their own transportation to and from the College of Southern Idaho.
41104046	Spinning B	PE	1		x	x	x			Dual Credit	\$25 Course Fee Additional fee if taking for Dual Credit	SEM	TFHS CRHS	This course is an introduction to Spinning also known as Indoor Group Cycling. Spinning is a full-body, low impact, aerobic exercise that can help strengthen the heart, lower blood pressure, boost energy, burn fat, tone legs and stomach, reduce stress and tension, and improve overall fitness. Dual credit is available. Course Fee of \$25.00 TFHS students must provide their own transportation to and from the College of Southern Idaho.
30102262/ 30102263	Varsity Body Development	PE	2			x	x	Instructor/Coach Signature Required "B" or Better in Beginning Body Development				Year	TFHS CRHS	This course is recommended for the interscholastic athlete who has completed Beginning Body Development with a "B" or Better. This course is designed to enhance/master skills in Olympic style weight lifting. There is also an emphasis on Speed and Agility in this course.

Automated Manufacturing (PRE-ENGINEERING/MANUFACTURING)

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104021/ 41100422	Fundamentals of Technology / Intro to Drafting & CADD	Elective	2	x	x	x	x	None			\$20	Year	TFHS CRHS	Designed to introduce students to those principles and skills used in subsequent technology courses. Students learn to sketch solutions to problems create technical drawings and presentations, build models, and apply creative problem solving methods. Emphasis is placed on accessing and communicating information, using simple and complex tools in a safe manner, and increasing the students' awareness of the historical and contemporary implications of technology. Students are introduced to computer-aided graphics, design software, and computer-aided manufacturing. Students develop an understanding of the tools, techniques, and processes of technology using design principles, computers, problem solving and model making. Fee is required.
41101022	Into to Drafting and CADD	Elective	1	x	x	x	x	Fundamentals of Technology or instructor approval			\$20	SEM	TFHS CRHS	Mechanical Drafting: An entry level course in Communications Systems which addresses the concepts needed to transfer ideas into an easily understood graphic language, designs or drawings. The use of drawing tools, including mechanical devices and computer software is essential for student studies. Each of the major areas of drafting and design should be explored on an introductory level. CADD: An entry level course in Communications Systems designed to provide students with an understanding of the operation and features of a current industrial computer aided drafting/design (CADD) system. Emphasis is placed on the application of computer software in solving basic architectural, structural, electronic or mechanical drafting problems. The purpose of the course is to assist individuals in making meaningful occupational and educational choices. Basic technical information and laboratory experiences directly related to the operation and application of computer software is provided in a hands-on approach. Fee is required.
41104023/ 41104024	Automated Manufacturing 1	Elective	2		x	x	x	Fund of Tech and CADD or Ag Mech and Small Engines		Dual Credit/Tech Prep	\$30 Course Fee Additional fee if taking for Dual Credit/Tech Prep	Year	CRHS	This course is designed to provide students the opportunity to develop skills both with design and fabrication using hand and power tools. Students will learn about the machine processes and will produce projects to learn, practice, and demonstrate these skills. The machines students will be using include both manual and CNC lathes and mills along with many other tools and equipment used in manufacturing and fabrication. The students will also be introduced to MasterCAM, a software used by many engineers and designers for CNC Machining.
41104040/ 41104041	Automated Manufacturing II	Elective	2			x	x	Automated Manufacturing 1		Dual Credit/Tech Prep	\$30 Course Fee Additional fee if taking for Dual Credit/Tech Prep	Year	CRHS	Students enrolled in this course will learn about production engineering processes and how it relates to manufacturing. Students will work with automated tools and machines in conjunction with the manual equipment commonly used in the manufacturing industry. Students will learn in depth the use of manual and CNC machining equipment to produce parts. Students will learn about prototyping, materials, marketing, and finances as they apply to the manufacturing of products to improve the quality and standard of living for their community. They will study products, byproducts and their effects on the environment, society, and people.
104042/ 411040	Automated Manufacturing III	Elective	2				x	Automated Manufacturing 1&2/Instructor permission		Dual Credit/Tech Prep	Course fee varies with project Additional fee if taking for Dual Credit/Tech Prep	Year	CRHS	This will be a year long course working on various projects to enforce and apply the knowledge learned in the previous two years of Computerized Manufacturing. This is a capstone course. Students will deepen their knowledge of machining and manufacturing. This course will be in conjunction with the Senior Project. Students will have the opportunity to earn industry certification. Instructor permission is required.
41105067/ 41105068	Engineering Design and Alternative energy	Elective	2		X	x	x	Fundamentals of Technology / Intro to Drafting & CADD			\$20	Year	TFHS	Fundamentals of Technology is a prerequisite! In Engineering Design, engineering concepts, content, and professional practices are presented through practical applications in the study of several areas of technology. Alternative Energy and Robotics will be two topics used to teach Engineering Design. This is a new offering at Twin Falls High School. Students in this course will be introduced to wind, solar, hydroelectric and other forms of sustainable energy. Students in engineering teams will apply technology, science, and mathematics concepts and skills to solve engineering design problems. Students research, develop, test, and analyze engineering designs using criteria such as design effectiveness, public safety, human factors, and ethics. This course is for students interested in engineering, design, innovation, technology, robotics, alternative energy and creative problem solving.
30100293	Occupational and Career Experience	Elective	1				x	Automated Manufacturing 1&2				SEM	CRHS	The student having completed the first two years of Computerized Manufacturing will spend time working with businesses gaining on the job training and experience.

SCIENCE

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/ Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104006/ 41104007	Earth Science	Science	2	x								Year	TFHS CRHS	This course is an introduction to the study of geology, mineralogy, astronomy, meteorology, hydrology, and the earth's natural resources.
41104073/ 41104074	Honors Earth Science	Science	2	x				Application/ Teacher Reccomendation				Year	TFHS CRHS	Earth Science encompasses the fields of astronomy, geology, meteorology, oceanography, and environmental science. This course is more extensive than the regular Earth Science. More topics will be covered which involve higher level thinking skills and there will investigations into new technologies for studying space and for management of earth's resources. This course requires an application in the spring prior to registration.
30100307/ 30100308	Biology	Science	2		x			None				Year	TFHS CRHS	Biology is the study of living things and processes that maintain the living condition. The topics include cellular biology, photosynthesis, respiration, genetics, evolution, classifying organisms, and environmental science.
41104075/ 41104076	Honors Biology	Science	2		x			Application/ Teacher Reccomendation				Year	TFHS CRHS	Honors Biology is designed to provide a more challenging course for students interested in Biology. Students will go in depth into the topics of Cellular Biology, Photosynthesis, Respiration, Genetics, Evolution, Classification and Ecology.
30100321/ 30100322	Chemistry	Science	2			x	x	Previous or concurrent enrollment in Algebra II or Algebra Topics				Year	TFHS CRHS	Chemistry is strongly recommended for those students who are planning to go to college. This course studies the properties of matter. Emphasis is on the metric system, chemical formulas, balancing equations, atomic structure, the mole, kinetics and gas laws. Laboratory experiments are conducted. Math skills are very important to be successful in chemistry.
30100333/ 30100334	Honors Chemistry	Science	2			x	x	Previous or concurrent enrollment in Algebra II or higher		DUAL CREDIT at TFHS ONLY	Dual credit at TFHS ONLY / Fee if taking for Dual Credit	Year	TFHS CRHS	Honors Chemistry is a challenging course that will emphasize math calculations and lab experience. Atomic structure, chemical reactions, moles, kinetics, gas laws, pH and Stoichiometry will be covered. Students can earn 4 credits through CSI upon successful completion of this course.
41105073/ 41105074	Dual Credit Chemistry	Science	2			x	x	Previous or concurrent enrollment in Algebra II or higher		Dual Credit	Fee/MUST take for Dual Credit	Year	CRHS	Dual Credit Chemistry is a challenging course that will emphasize math calculations and lab experience. Atomic structure, chemical reactions, moles, kinetics, gas laws, pH and Stoichiometry will be covered. Students can earn 4 credits through CSI upon successful completion of this course. Classroom will be based on DVD lectures and course work will be submitted to a CSI professor online through Blackboard.
41105069/ 41105070	Biology II (Systems and Organisms)	Science	2			x	x	Biology				Year	TFHS CRHS	Students will study many different types of living organisms; their systems and classifications. Students will analyze the structure, function and diversity of organisms. Topics by quarter include: 1st - microorganisms (bacteria, protists), 2nd - botany, 3rd - zoology, 4th - human body systems. This course will include several animal dissections which are a required part of the course. Students must be willing to participate.
30100323/ 30100324	Anatomy and Physiology	Science	2			x	x	B or above in Biology		Dual Credit	Fee if taking for Dual Credit	Year	TFHS (Human Structure and Function at CRHS)	This course studies both the structure and function of organ systems of the human body, (circulatory, muscular, nervous, etc.), Laboratory dissections and experiments are used to illustrate the structure and functions of the various systems. Must have a "B" or better in Biology.
41105071/ 41105072	Human Structure and Function	Science	2		x	x	x	10th application		Dual credit	Fee if taking for Dual Credit	Year	CRHS (Anatomy & Physiology at TFHS)	This a medical oriented anatomy and physiology class. Students spend time in the cadaver lab learning body systems.
30100317/ 30100318	Astrophysics (Astronomy)	Science	2			x	x	C or above in Algebra I		Dual Credit	Fee if taking for Dual Credit	Year	TFHS	Astronomy is the study of the universe above the Earth's atmosphere. This course will cover planets, stars, galaxies, black holes, the Big Bang Theory and more. Some nighttime observation will be required.
41104061/ 41104062	Atmospheric Science	Science	2			x	x	Students must have had a B or better in Earth Science				Year	CRHS	This is an introductory course that will explore the fundamentals of meteorology. A variety of topics will be covered that include interpreting and drawing weather maps, satellite imagery, doppler radar, air masses and fronts, clouds and precipitation, air pressure, temperature, severe weather, and the science of storm chasing.
41104055/ 41104056	Physical Science	Science	2			x	x	None				Year	TFHS CRHS	Physical Science is designed to give the non-science student an introduction to the basic principles of chemistry, Physics and Earth Science. Topics may include scientific method, structure of atoms and molecules, composition of matter, motion, forces, energy, heat, waves, electricity, magnetism and light. NOTE: We deleted some info from course description
30100329/ 30100330	Physics	Science	2			x	x	Previous or concurrent enrollment in Algebra II				Year	TFHS CRHS	The principles of physics are part of all that we do: seeing, hearing, talking, athletics, music, cars, TV, etc. Topics covered include motion, forces, gravity, momentum, energy, electricity, magnetism, sound and light.
30100331/ 30100332	AP Physics	Science	2			x	x	Previous or concurrent enrollment in Pre-Calculus	x			Year	TFHS	This course is for mathematically able students who want an accelerated course. AP Physics approximately parallels most general college physics courses and will prepare students for the AP Physics B exam to obtain possible college credit. This course will cover all topics in regular physics plus thermodynamics and modern physics.
30100296	Plant Science (AG 0514)	Science	1		x	x	x			Dual Credit	Fee if taking for Dual Credit	SEM	TFHS	A course that prepares students to produce greenhouse/nursery plants and to maintain plant growth. Includes plant processes and propagation structures. This course qualifies for science credit. Students will be expected to design and carry out a semester project.
30100312	Applied Greenhouse and Nursery Management (AG 0340)	Science	1		x	x	x	Prerequisites students must have taken Ag 514, Botany, Ag 110 or 120 or have permission from the instructor.		Dual Credit	\$5 Class Fee Additional fee if taking for Dual Credit	SEM	TFHS	A course designed to prepare students in greenhouse and nursery operation and management. Students will spend much of the course in the greenhouse growing plants, understanding the planning and operation of the greenhouse, and marketing the greenhouse products. Topics will also include soils, pesticides, insects, plant ID and nomenclature. This course qualifies for science credit. Students will be expected to design and carry out a semester project. This is a spring semester course.
30100311	Animal Science (AG 0530)	Science	1		x	x	x			Dual Credit	Fee if taking for Dual Credit	SEM	TFHS	A course designed to develop knowledge and skills pertaining to nutrition, reproduction, diseases, breeding, genetics, anatomy, and physiology in livestock. Students will be expected to design and carry out a semester project.

SOCIAL STUDIES

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104008	History (9)	Required/ Social Studies	1	x								SEM	TFHS CRHS	9th Grade World Cultures Eastern Hemisphere. This class is designed to enable students to become well acquainted with various parts of the world -- with special emphasis on the Eastern Hemisphere (Middle East, South Asia, East Asia and Southeast Asia). Focus will center on physical, historical and cultural geography, as well as Current events, and the 5 Major religions.
30100529/ 30100530	U.S. History (10)	Required/ Social Studies	2		x							Year	TFHS CRHS	United States History 10th is a survey course from early history through Reconstruction.
30100509/ 30100510	U.S. History (11)	Required/ Social Studies	2			x						Year	TFHS CRHS	United States History 11th is a survey course from Westward Expansion to present day.
41105019/ 41105020	Dual Credit U.S. History (11)	Required/ Social Studies	2			x		Application		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	This course covers the beginnings of U.S. history to present day. It also has the option of taking concurrent credit through CSI.
30100517/ 30100518	American Government	Required/ Social Studies	2				x					Year	TFHS CRHS	This course provides students with an understanding of the structure, organization, and operation of American government
30102267/ 30102268	Am. Government Academy	Required/ Social Studies	2				x					Year	TFHS	This course provides students with an understanding of the structure organization, and operation of American government.
30100519/ 30100520	Advanced American Government	Required/ Social Studies	2				x	Application		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	This course is an in depth focus on constitutional foundations, politics, three branches of government, civil rights, and civil liberties
30100497/ 30100498	Student Leadership	Elective	2			x	x	Elected Position				Year	TFHS CRHS	This allows Student Council members to learn leadership skills, plan, organize advertise, and improving school activities.
30102211	Psychology	Social Studies/ Elective	1				x			Dual Credit	Dual Credit Fee	SEM	TFHS CRHS	Psychology is a general survey of psychology principles including significant people, theories and human understanding.

SUPPORT SERVICES

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41104031/ 41104032	PTS	Elective	1	x	x	x	x	Special Ed. Teacher Approval				SEM	TFHS CRHS	Practical Transition Skills involves an integrated approach to functional academics and skill building in organizational/study skills and career awareness.
41104110/ 41104111	Consumer Math	Math	2	X	X	X	X	Special Ed. Teacher Approval				Year	CRHS	A course consisting of real world applications of fundamental and basic math skills including, basic purchases, money management and employment.
30102213/ 30102214	Life Skills	Elective	2	x	x	x	x	Special Ed. Teacher Approval				Year	CRHS	Life Skills is designed to address functional academics as well as comprehensive living skills. Key Concepts: reading, writing, math, social/communication skills, personal management, safety/health, leisure/recreational and self-advocacy.
30100819/ 30100820	Release	Elective	2		x	x	x	Special Ed. Teacher Approval				Year	CRHS	Work experience is a work-based program designed to assist the IEP student in bridging the gap between school and work. The student must have a paying job in the community.
30102237/ 30102238	Hire Learning	Elective	2		x	x	x	Special Ed. Teacher Approval				Year	CRHS	Hire Learning is a work-based program designed to assist the IEP student in bridging the gap between school and work. Will provide student with a variety of real job experiences on CRHS campus.
30100836/ 30100837	Living Skills	Elective	2	x	x	x	x	Special Ed. Teacher Approval				Year	CRHS	Living Skills is a program designed to assist the IEP student in learning daily living skills, communication, mobility, social, and independent living skills.
30100943/ 30100944	Partners	Elective	1			x	x	Special Ed. Teacher Approval				SEM	CRHS	The Student PARTNERS program is designed for students to apply skills in tutoring their learning-challenged peers in a variety of academic settings.
41105044/ 41105045	Fundamentals of Algebra	Math	2	x	x	x	x	Special Ed. Teacher Approval				Year	TFHS CRHS	A Remedial course designed as a comprehensive review of the concepts of pre-algebra and basic algebra.
411041102/ 411041103	Developmental Language Arts	English	2	x	x	x	x	Special Ed. Teacher Approval				Year	TFHS CRHS	A comprehensive literacy intervention curriculum for students who lack age or grade level mastery in reading, vocabulary, writing and grammar.

THEATRE ARTS

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
41105013/ 41105014	Intro to Theatre	Humanities/ Elective	2	x	x	x	x	None				Year	TFHS CRHS	Intro to Theatre will introduce students to the broad history, art, technique, and business of the theatre. Students will participate in collaborative projects, incorporating acting, playwriting, directing, design, and historical and cultural research. Students will present their work in the Intro Show at the end of the year. Intro students may also audition to compete at District and State Drama. Intro students also serve as backstage crew and staff for Dessert Theater and the annual children's show and will be required to spend one week of evening rehearsals/performances during the production week for both shows. Students will be required to attend two live productions and evaluate them twice each semester. This course will satisfy 2 Academic Humanities credit.
30100427/ 30100428	Intermediate Acting	Humanities/ Elective	2		x	x	x	C or higher in Intro to Theatre and <u>Audition</u>				Year	TFHS CRHS	Intermediate Acting is a continuation of the study of theatre and the application of the skills learned in Intro to Theatre. Intermediate students audition to compete at District and State Drama. Intermediate actors will participate in Dessert Theater and produce the annual children's show in the spring for the general public. Intermediate students also serve as backstage crew and staff for two main stage shows. All students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students will be required to attend two live productions and evaluate them twice each semester. This course will satisfy 2 Academic Humanities credits.
30100457/ 30100458	Advanced Acting	Humanities/ Elective	2			x	x	B or higher in Intermediate Acting and <u>Audition</u>				Year	TFHS CRHS	Advanced Acting is a auditioned performance class. Advanced students will perform in Dessert Theater and two main stage productions, one per semester, based on auditions for individual roles. Advanced students audition to compete at District and State Drama. Advanced students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students will also be required to attend two live productions and evaluate them each semester. This course will satisfy 2 Academic Humanities credits.
41105017/ 41105018	Production & Design	Humanities/ Elective	2		x	x	x	C or higher in Intro to Theatre and <u>Instructor Permission</u>				Year	TFHS CRHS	Production & Design students produce, manage, prepare, design, build, and offer technical support for all stage productions of the TFHS Drama Department. Production students will be required to spend one week of evening rehearsals/performances during the production week for each show. Students accepted into the class will spend MANY hours outside of the school day in order to fulfill the requirements of the class including advertising and construction of the show. Students will audition for District and State Drama in the areas of scene/lighting design, costume design, and property design/construction. Students will also be required to attend two live performances and evaluate them twice each semester.
41104065/ 41104066	Stage Design	Humanities/ Elective	2		x	x	x	Intro to Theatre				Year	TFHS only	This course is designed for those students interested in set, costume, and lighting design for theatre and film. Students will be introduced to the design process including research, rendering, technical drawings, and production techniques and responsibilities. This is a preparatory class for Production and Design. Students will work backstage on all main stage productions for the coming year. Students may also audition to compete in design at District Drama Competition.

WORLD LANGUAGE

Course No.	Course Title	Type of Credit	Number of Credits	9	10	11	12	Prerequisite	AP Credit	Dual Credit/Tech Prep	Required Fee	Sem/Yr	Class Offered at	Course Description
30100401/ 30100402	French I A/B	Humanities	2	x	x	x	x	C or better in English or instructor approval		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will begin to develop skills in all areas of language and culture.
30100403/ 30100404	French II A/B	Humanities	2		x	x	x	C or better in French I or instructor approval		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will continue a more intensive development of the target language and cultural understanding.
30100405/ 30100406	French III A/B	Humanities	2		x	x	x	C or better in French II or instructor approval		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will explore advanced levels of the target language and culture.
30100407/ 30100408	French IV A/B	Humanities	2			x	x	C or better in French III or instructor approval		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will explore advanced levels of the target language and culture.
30100409/ 30100410	Spanish I A/B	Humanities	2	x	x	x	x	C or better in English or instructor approval				Year	TFHS CRHS	Students will begin to develop skills in all areas of language and culture.
30100411/ 30100412	Spanish II A/B	Humanities	2	x	x	x	x	C or better in Spanish I or instructor approval				Year	TFHS CRHS	Students will continue a more intensive development of the target language and culture.
30100413/ 30100414	Spanish III A/B	Humanities	2	*	x	x	x	C or better in Spanish II (9th grade native speakers with instructor approval only)		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will explore advanced levels of the target language and cultural understanding.
30100415/ 30100416	Spanish IV A/B	Humanities	2		x	x	x	C or better in Spanish III or instructor approval		Dual Credit	Fee if taking for Dual Credit	Year	TFHS CRHS	Students will explore advanced levels of the target language and culture.
411041104/ 411041105	Spanish for Spanish Speakers	Humanities	2	x	x	x	x	Instructor Approval				Year	CRHS	This course provides instruction directed at student's continued development of existing competencies in the Spanish language. Students will acquire skills that range from learning grammar and spelling, and developing specialized vocabulary through the study of other disciplines, to interpretation and analysis of various literary genres. Students will also increase their awareness and appreciation of different Spanish speaking cultures. Students will compare and contrast language functions between Spanish and English and enhance their language skills in both languages. Spanish is used exclusively in the classroom.
